	71	94	18	76	98

**Daily car spaces required** 183 Hotel/B&Bs/ Selfcatering rooms including Residents that are away in the day time and Miscellaneous fluctuating daily use ( see purple column for info) 174 357

**Residents/property /shop owners**  
These resident shop/property owners with need parking throughout the day on the Main street

**Workers**  
This figure should be consistent and require parking throughout the day on the Main Street

**Residents that work away from the Main Street**  
These residents with use their vehicles to go to work away from the Main Street but will require parking at night and at weekends

**Hotels/Guest Houses/B&Bs**  
The figure for this category will fluctate throughout the day with most guests leaving around 10am, but new guests will arrive mid afternoon and feedback from these establishments report that it is often very difficult for their guests to find places to park.

**Miscellaneous**  
These figures cover Catrionas who can have up to 40 appointments per day, we have allowed 15 cars for this. Also in this category we have included the Aros Hall for Lunch Club on fridays, Rainy Days every day, Producers market for stall holders 15 cars.Castaways

**FEEDBACK**

We have some interesting feedback from the people we chatted to during the survey as follows

Melanie - Tobermory Stores "Thinks all the Main Street should have charged parking"

HWDT "The crew from there boats have camper vans/ cars that stay in the carpark when they are out on their sea trips and use for accomdation when they are onshore  
"They would be happy to leave vehicles at a park and Ride carpark"

Kim - Laundry "Kim thinks lined parking bays for car spaces would help as there are often people parking badly limits spaces"

Pete - Corner shop "The sign limiting motorhomes along the street will also be needed for motorhomes coming off the Kilchoan ferry which he said there are quite a number come onto the island that way "
